

SUMMER

Monday, June 8, 2026

Dear Parents,

As we begin our summer segment of the year, we will be focusing on objects in nature. The children will be using magnifying glasses outside and making bark and leaf rubbings. We will also be having fun with frogs, watermelon, and insects.

There will no longer be a weekly newsletter. However, work will continue in the room on the following:

- Letter and sound recognition
- Word building
- Word families and rhyming
- Numeral recognition thru 20
- Counting to 100
- Shape name review
- Simple addition and subtraction
- Phonemic Awareness

The Book We Read -will not be an assignment for the summer session.

A reminder that all children do need a change of clothing to be kept in their cubbie or backpack.

The following are special days that will continue throughout the summer:

- Mondays- Beginning June 15th will be our "Water Play" days -More information to follow.
- Tuesdays- Are open for "Field Trips".
- Wednesdays- "Chapel" and or "Vacation Bible School" activities.
- Thursdays- Are open for "Field Trips".
- Fridays- Will continue to be "Show-and-Tell" Day.

More information on field trips will be sent out in a timely manner.

Thanks a bunch for your cooperation and support!

Mary Jane and Barb
