October 2026

Parents,

Your child has been chosen to take Silvermist for the weekend. They need to take a picture or draw a picture of themselves and Silvermist doing something fun. Make it easy like watching a movie, playing in the leaves, reading a book, etc. They also need to write a sentence to go with their picture. These will be included in the class book we are writing. Its title is We Adopted a Cow.

Also we are getting ready for our most popular calf election to be held the first week of November during our national elections. More details will be heading your way soon.

As always, thank you for your support of our program and students.
Miss Dawn
